

A Token Force: The 261st Field Park Company Royal Engineers (Airborne) at Arnhem

Only 22 of the 98 men that made up the British 1st Airborne Divisions field park company fought at Arnhem and their efforts are recorded in this book. Their lack of numbers was to prove a costly error for the division and the entire operation. This work also examines what might have happened if the entire field park company with all of their equipment was taken to Arnhem. Second Edition.
