

Assure Her (Assured Distraction Book 1)

Chandler Chatam, fresh out of Juilliard, finds herself temporarily playing with four hot rockers of Assured Distraction, an up-and-coming band, out on their first big tour. She's led a sheltered life of luxury and is determined to make the most of this tour as part of the band until her world is suddenly turned upside down. Then more life-shattering news alters the course she's set for herself. Meeting Chandler at her audition for a temporary spot in Assured Distraction, lead singer Keeton MacDonald flashes a panty-dropping smile knowing that a woman is sure to wreak havoc on the bus for this bunch of guys looking to enjoy the perks of life on the road as the rock stars they are. Assured Distraction's tour is the beginning of a raucous journey for them all that leads to fun days, exciting concerts, and hot nights. Not just a life on the bus story, but a story about living messy lives in the real world. (less)
