

Third Reich Propaganda

The Nazi regime was propelled to power by the new phenomenon of a cohesive mass media communication programme which encompassed press, posters, radio, art and film. The rise and fall of the Third Reich spanned a period of just 25 years and its powerful message was shaped and projected from a vision of German heroism, initially conceived and directed by Adolf Hitler and continued by Dr Josef Goebbels. This authoritative study of the propaganda generated by the Nazi party by Emmy award winning author Bob Carruthers encompasses an in-depth analysis of the surviving films, posters and magazines of the Third Reich.
