

Legends of Old Honolulu: Collected and Translated From the Hawaiian (Classic Reprint)

Excerpt from Legends of Old Honolulu: Collected and Translated From the Hawaiian. The legends of a people are of interest to the scholar, the thinker, and the poet. The legends tell us of the struggles, the triumphs, and the wanderings of the people, of their thoughts, their aspirations; in short, they give us a twilight history of the race. As the geologist finds in the rocks the dim records of the beginnings of life on our planet, the first foreshadowings of the mighty forests that have since covered the lands, and of the countless forms of animal life that have at last culminated in Man, so does the historian discover in the legends of a people the dim traces of its origin and development till it comes out in the stronger light of the later day. So it is with the legends of the Hawaiians, or of the Polynesian race. We see them, very indistinctly, starting from some distant home in Asia, finally reaching the Pacific Ocean, and then gradually spreading abroad over its islands till they dominate a large portion of its extent. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com. This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
