

Politics and Administration: A Study in Government (Classic Reprint)

United States, that the formal governmental system as set forth in the law is not always the same as the actual system. The attempt is also made to indicate what; changes in the formal system of the United States must be made, in order to make the actual system conform, more closely than it does at present, to the political ideas upon which the formal system is based. This attempt has involved an analysis of the operations of government and a consideration of their interrelations, together with a study of the position of the political party and of its leaders, whom we are beginning to call bosses.
