

The I and the Not-I: A Study in the Development of Consciousness (Bollingen Series, No. 79)

Dr. Harding , draws upon her clinical experience and her deep human understanding to trace the stages by which consciousness develops. Her concept of the I and the Not-I is a fresh approach to Jung's concept of ego development, presenting the elements of his theory of personality - the collective unconscious, animus, shadow, the archetypes - in terms of our everyday lives. book jacket
