

Questions of Honor

A stern, rock-hard man stood before Abigail Sullivan. No sign of the boy whose playful teases had once turned to stolen kisses and something much, much more. Why, in all the years Joshua Wheaton had been away, had he never made contact, acknowledged her astounding news that she carried his child? Abby no longer trusted any man, but could she believe Joshua when he claimed he only ever meant to act honorably toward her? There was no doubt he wanted to get closer to her and the son that they had created together.
