

Essays and Addresses: With Explanatory Notes (Classic Reprint)

Excerpt from Essays and Addresses: With Explanatory Notes
In my declining days, when Whether for thought or for action my career is at an end, my mind naturally reverts to the past, and in the retrospect quite as naturally lingers on events in which I myself bore a part, of more or less consequence. To these events the following collection of Essays and Addresses refers; and while intrinsically they are doubtless of little interest, they may be not without attraction to students who find instruction even in the ephemeral effusions of the passing day.
