

## The Proposition A Geek An Angel: A Geek An Angel The Proposition (A Geek An Angel Series)

Janeshia James is confused and bitter about love, but she is not confused about her drive to succeed. She is a beautiful, ambitious woman and she enjoys her career, as director of a prestigious nonprofit in Silicon Valley, California. Walker Perrault is a geek. He's imposing in stature, but he is also handsome and very intellectually inclined. Walker had given up on love. He was looking for the one true love of his life. She slipped through his fingers when he was a boy. Now, he's all grown up. After seeing his former love at a fundraiser Walker wants to get back into Janeshia's life. When things start to go terribly wrong with the nonprofit Janeshia works for Walker is called in to run the day-to-day operations of the fundraiser. She never expected what came next, the proposition. Her destiny aligned her against three formidable men, one with the knowledge to take away her position, one with the power to take away her heart and one with a deep dark secret that could change her life forever. Will Walker lift the veil of deception and expose the truth to her before it's too late? Or will a dark secret from the past change their lives forever?
