

Unseen Footprints: Encountering the Divine Along the Journey of Life

Unseen Footprints is more than an award-winning book; it is a journey about opening our spiritual eyes to see the activities of God around us. Could we have had encounters with the divine that we haven't yet recognized as such? Could God be written into the drama of our lives as if played by a secondary character or an extra that we haven't paid much attention to? Incorporating classic and contemporary stories, vivid metaphors and compelling graphic design, Unseen Footprints is a reflective walk through pain, yearning, and doubt; a journey that highlights the way God whispers to us through creation, beauty, and people; and a journey that leads to an encounter with an unseen but present God who shares his dream of a new world and calls us to participate in its creation. Winner of the Australian Christian Book of the Year Award in 2006, this new edition audiobook contains additional guided reflection exercises for each chapter. What if unseen footprints walked before us, behind us and beside us?
