

# Women and the Gift Economy: A Radically Different Worldview Is Possible

Cultural Writings. Essays. **WOMEN AND THE GIFT ECONOMY: A RADICALLY DIFFERENT WORLDVIEW IS POSSIBLE**, edited by Genevieve Vaughan, is an attempt to respond to the need for deep and lasting social change in an epoch of dangerous crisis for all humans, cultures, and the planet. Featuring articles by well-known feminist activists and academics, this book points to ways to re-create the connections, which have been severed, between the gift economy, women, and the economies of Indigenous peoples, and to bring forward the gift paradigm as an approach to liberate us from the worldview of the market that is destroying life on the planet.
